

Fixed Income Execution Solutions

Liquidity for institutions of all sizes

Access to liquidity and market transparency is paramount for institutions of all sizes. Now more than ever, traders and investors need global reach in the trading of credit, rates and other fixed income securities. J.P. Morgan's Fixed Income solutions team provides an "outsourced trading desk" that is broker-dealer neutral, providing the best bids/offers that exist in the marketplace. Our trading desk has deep expertise across asset classes and the scale to create a market for each unique asset within our clients' portfolio.

BENEFITS AND FEATURES

Benefit	Features
Increase Efficiency	<ul style="list-style-type: none"> • Leverage J.P. Morgan's global reach to receive multiple bids/offers and assure sufficient depth of market • Basket trading of fixed income securities to support ETF creation/redemptions and indexed portfolios • A full offering of non-dollar securities across the globe • Benefit from our market analysis, data mining and issue specific evaluation to improve liquidity
