

Alternative Investment Portfolio Administration

J.P.Morgan

Complex asset reporting by experienced finance professionals

J.P. Morgan delivers innovative outsourced administration services to private equity, real estate and infrastructure investors around the globe. We provide capital call and distribution processing, outstanding commitment monitoring, cash flow tracking and forecasting, statement reconciliation, pricing and valuation support, performance analytics, underlying portfolio company monitoring, and validation of key financial limited partnership agreement terms. Investors benefit from our broad understanding of asset exposure – leveraging our extensive expertise, powerful technology and proven processes. We have the ability to support complex investment structures in multiple jurisdictions and multiple currencies. Our team helps meet the complex and evolving operational and reporting needs of our clients, so that they can make informed decisions.
