Risk Disclosure:

There are significant risks associated with this Transaction including, but not limited to, foreign exchange risk, price risk, liquidity risk and credit risk. Counterparties should consult their own financial, legal, accounting, and tax advisors about the risk associated with this Transaction, the appropriate tools to analyze the Transaction, and the suitability of the Transaction in each counterparty's particular circumstances. No counterparty should enter into the Transaction described above unless that counterparty understands and has sufficient financial resources to bear the price, foreign exchange, market, liquidity, structure, and other risks associated with the Transaction.

Foreign Exchange Risk: This Transaction is exposed to movements in USD/INR spot rate and forward exchange rates as illustrated below.

This proposal (including all indications as to costs, returns and cash flows) is indicative only and although the information set forth above is reflective of the terms as of the specified date, and is based on current assumptions and market conditions under which JPMorgan believes the transaction can be carried out, no assurance can be given by JPMorgan that the transaction could in fact be executed and JPMorgan is not obliged to enter into the transaction. Information herein is believed to be reliable but JPMorgan does not warrant its completeness or accuracy. Opinions and estimates constitute JPMorgan's judgment and are subject to change without notice. Past performance is not indicative of future results. Client is advised to make an independent review and reach its own conclusion and judgment regarding whether this proposal is appropriate and proper for it, and regarding the legal, credit, tax and accounting aspects of this proposal relating to its own particular circumstances. This material is not intended as an offer or solicitation for the purchase or sale of any financial instrument. JPMorgan or a company or person connected or associated with it may be an underwriter or distributor of, or a market maker or otherwise hold a long or short position as a principal in, a security or financial instrument (or in options, futures, or other derivative instrument related thereto) connected with the transaction described in this proposal. JPMorgan is the marketing name for J.P. Morgan Chase & Co. and its subsidiaries and affiliates worldwide. Client should contact analysts at and execute transactions through a JPMorgan entity in their home jurisdiction unless governing law permits otherwise.

Volatility Risk: This Transaction is exposed to movements in volatility. If volatility changes from its current position, there is a risk that the mark to market value of the Transaction for Party B will be adversely affected.

Liquidity Risk: This Transaction is not a readily liquid instrument. There may exist a time when there is a lack of liquidity or low trading volume in the market for the Transaction, and this potential illiquidity could significantly decrease the market value of the Transaction for Party B.

Credit Risk: This transaction carries the credit risk of Party A.

Ordinary Course of Business: In the ordinary course of their business, JPMorgan or any of its affiliates or subsidiaries may affect transactions for their own account or for the account of their customers. In conducting such business neither JPMorgan nor any of its affiliates or subsidiaries is obliged to take into account the circumstances of the parties to the Transaction or act in a manner which is favorable to them. Such activity may, or may not affect the value of the Transaction, but potential investors should be aware that a conflict may arise.

Potential Conflicts of Interest: Potential conflicts of interest may exist in the structure and operation of the strategy and the course of the normal business activities of JPMorgan or any of its affiliates or subsidiaries or their respective directors, officers, employees, representatives, delegates or agents of their normal business activities.

Underlying Exposure

This Transaction has been entered into by Party B for the purpose of hedging its underlying USD exposure ("Underlying Exposure"), details of which are as follows:

USD 4,000,000 Imports maturing on or after 07 October 2024

Purpose of the Transaction:

Party B has confirmed that this transaction has been carried out at Party B's request and it is entering into this Transaction for the purpose of hedging its Underlying USD Exposure. Under this transaction:

Scenario Analysis

The following Scenario Analysis is provided for illustrative and convenience purposes only. It should not be relied on by Party B, and JPMorgan expressly disclaims any responsibility or reliance by Party B. In case of any doubt, Party B should consult with their own professional advisers

The following Scenario analysis assumes various levels of USDINR spot rate which, in JPMorgan's view, represents low, medium and high risk scenarios on the relevant expiration dates and shows the resultant cash flow gain/loss to Party B. The scenario analysis represented here are not comprehensive.

In JP Morgan's view, The expected rate the Party B will realize on its underlying exposure if they leave the position unhedged will be the expected Forward Rate on the Trade Date.

A negative number in Gain/ Loss denotes a LOSS to Party B.
