#### NOTES TO THE FINANCIAL STATEMENTS - 30 SEPTEMBER 2015

#### A Basis of preparation

The unaudited interim financial statements herein have been prepared in accordance with MFRS 134, Interim Financial Reporting issued by the Malaysian Accounting Standards Board.

The unaudited interim financial statements should be read in conjunction with the audited financial statements of the Bank for the financial year ended 31 December 2014. The explanatory notes attached in the unaudited interim financial statements provide an explanation of events and transactions that are significant for an understanding of the changes in the financial position and performance of the Bank since the financial year ended 31 December 2014.

The significant accounting policies and methods of computation applied in the unaudited interim financial statements are consistent with those adopted in the most recent audited financial statements for the financial year ended 31 December 2014.

#### B Auditor's Report on preceding Annual Financial Statements

The auditor's report on the financial statements for the financial year ended 31 December 2014 was not subject to any qualification.

#### C Seasonality or Cyclical factors

The business operations of the Bank are not subject to material seasonal or cyclical fluctuation.

#### D <u>Unusual items due to their nature, size or incidence</u>

There were no unusual items affecting assets, liabilities, equity, net income or cash flows of the Bank for the financial period ended 30 September 2015.

### E Change in estimates

There were no changes in estimates of amounts reported in prior financial years that have material effect on the financial results and position of the Bank for the financial period ended 30 September 2015.

#### F Issuance and repayment of Debts and Equity Securities

There were no issuance, cancellation, repurchase, resale and repayment of debt and equity securities during the financial period ended 30 September 2015.

#### G Dividend

No dividend was paid during the financial period ended 30 September 2015.

#### H Subsequent events

There were no material events subsequent to the end of the reporting date that require disclosure or adjustments to the unaudited interim financial statements.

(Incorporated in Malaysia)

#### NOTES TO THE FINANCIAL STATEMENTS - 30 SEPTEMBER 2015

#### I Review of Bank's Performance

The Bank's profit before taxation for the financial period to September 2015 amounted to RM67.2 million. Net interest income for the period was RM53.3 million. Major contributor for interest income include inter-bank lending (RM83.7 million) and interest earned from securities (RM22.0 million). As for interest expense, amount incurred on inter-bank borrowings was RM33.6 million and interest incurred on customer deposits was RM23.4 million.

Income generated from the Bank's treasury activities comprises net gain on foreign exchange trading of RM73.9 million as well as net gain from securities trading of RM1.6 million and net gain from derivatives of RM7.2 million. Inter-company charges, commission and fees earned by the Bank amounted to RM30.7 million.

Total overhead expenditure incurred in the 9 months was RM98.5 million. Staff cost and benefits came up to RM31.3 million while establishment expenses amounted to RM8.0 million. Inter-company fees incurred during the period was RM50.9 million, making up the bulk of general administrative expenses.

Performance for year-to-date September 2015 was higher than that of the corresponding period in 2014. In the current period, the profit before taxation was RM67.2 million (YTD September 2014: RM23.0 million). Net interest income for the current period was lower by RM19.6 million while other operating income in the first 9 months of 2015 was RM113.5 million as compared to RM36.9 million in the corresponding period in 2014. The increase was mainly due to higher net foreign exchange gain of RM73.9 million in 2015 as compared to RM33.1 million in 2014, as well as a net gain made on derivatives of RM7.2 million in 2015 as compared to a net loss of RM23.8 million in 2014. Other operating expenses incurred during the first 9 months of 2015 was RM98.5 million, as compared to RM86.1 million in the corresponding period in 2014. The increase was attributed to to higher intercompany fees paid whereby RM50.9 million was incurred during the first 9 months of 2015 against RM35.7 million incurred for the corresponding period in 2014.

#### J Business outlook for 2015

The macro environment remains challenging in 2015 and volatility in currencies and assets values remains a factor. Despite these conditions, there is optimism that the economic environment will stabilize and the economy will grow. J.P. Morgan will continue to focus on the quality and stability of earnings by investing in its transaction services, trade and wholesale banking businesses while enhancing the flow business.

J.P. Morgan's target clients, consisting of multi-national corporations, large domestic corporates, financial institutions and non-bank financial institutions, benefit from the Bank's significant competitive advantage in terms of a broad product mix and global network which enables us to effectively service clients that have a domestic as well as an international presence.

With the Bank's strong capitalisation and proven strength across product and services, revenue growth will continue as investment in existing client relationships delivers results. The Bank will use its global competitive advantage in order to provide clients with value added solutions and innovative products. The international corporate and investment banking businesses is an important component of J.P. Morgan's overall global strategy and continued investment in these areas will contribute positively to our growth.
