

JPMCCI: Gas Oil, Ethanol and Rough Rice will be removed during January 2014 rebalance

- **Roll-out of Gas Oil:** The ICE has announced a change from Gas Oil to Low Sulphur Gas Oil. The change to Gas Oil will trigger a discontinuation event, invoking [JPMCCI Rule B.2.1.1](#). The rollout of Gas Oil from the JPMCCI will take place during the January 2014 composition. The Gas Oil stand-alone will continue to be run with just the front-month contract.
- **CBOT Ethanol will be removed** during the Jan'14 Roll, from the JPMCCI Aggregate Index Series, JPMCCI Energy Light Index Series, JPMCCI ex-Front Month Index Series and the JPMCCI Sector Indices.
- **CBOT Rough Rice will be removed** during the Jan'14 Roll, from the JPMCCI Aggregate Index Series, JPMCCI Energy Light Index Series, JPMCCI ex-Front Month Index Series and the JPMCCI Sector Indices.
- Any reports provided by J.P. Morgan Index Research will continue to feature each of the three commodities listed above during the roll-period, and will be removed from the reports at the completion of the roll.
